

JOINT BA/MA IN SOCIAL WORK, SOCIAL POLICY, AND SOCIAL ADMINISTRATION

The Crown Family School of Social Work, Policy, and Practice offers students an opportunity to begin their professional training in social work, policy, and social administration while still in the College. At the Crown Family School, we challenge our students to dig deeper to understand the root causes and human costs of social problems. Our community of faculty, alumni, and students is proactive. We reach beyond easy explanations and standard responses.

Qualified students who wish to pursue a joint MA degree (<https://crownschool.uchicago.edu/academic-programs/masters-social-work/enrollment-options/>) in Social Work, Social Policy, and Social Administration at the Crown Family School should consult with their College adviser and with the admissions office (admissions@ssa.uchicago.edu) at the Crown Family School as soon as their first year, but no later than early in their third year.

Students will need a GPA of 3.25 or higher and to have completed their general education requirements by the end of their third year. Students are encouraged to complete their BA major requirements before beginning graduate study, but this is not a requirement. The Joint BA/MA program in Social Work, Social Policy, and Social Administration provides students the flexibility to complete some requirements in their major, including a BA thesis, in the combined BA/MA year. Please contact the Admissions Office of the Crown Family School for consultation.

BA/MA students take nine to ten courses in their fourth College year. Students also complete a field placement (an evaluated internship) that spans Autumn, Winter, and Spring Quarters. Students complete their second field placement during the second year of joint residence.

BA/MA students enter joint residence status during the three quarters prior to the anticipated date of College graduation, during which time they will be charged tuition at the Crown Family School's graduate rates.
