Students who wish to study abroad should attend relevant information meetings. Students should discuss their plans with their College adviser to determine the implications of study abroad for their degree program in Chicago. They should then make an appointment with Dana Currier (HM 211A, 702.6258), Lewis Fortner (HM 213, 702.4858), Elana Kranz (HM 209, 834.5424), or Lauren Schneider (HM 211B, 702.0991) about the application process. Visit the College Scheduling site (<https://collegescheduling.uchicago.edu/samonline/BookAppt?C=C&T=P&P=88>) to make an appointment. For more information, including the most current list of program locations, visit [study-abroad.uchicago.edu](http://study-abroad.uchicago.edu).

Students participating in some study abroad programs (e.g., direct enrollment programs) are not eligible for the Dean's List for that year. Please note that more than half of the requirements for a major must be met by registering for courses bearing University of Chicago course numbers.

### Summer International Travel Grants

Foreign Language Acquisition Grants (FLAG) and research grants are part of the Summer International Travel Grant (SITG) award program. These awards are designed to defray many of the expenses associated with summer language study and academic research abroad. Visit [study-abroad.uchicago.edu/sitg](http://study-abroad.uchicago.edu/sitg) to obtain the application for the FLAG and research grants. Applications must be completed online by the appropriate deadline, normally in mid-February.

## FLAG

To be considered for FLAG funding, applicants must have completed or tested out of the 10300 level of the target language by their program's start date. They must also plan to enroll in an intermediate or advanced intensive language program abroad that is at least eight weeks in duration, at least fifteen hours of study a week, and located in a setting where the language is predominately spoken. If a language is not offered on campus, applicants may apply at any level. Students should visit [study-abroad.uchicago.edu/sitg](http://study-abroad.uchicago.edu/sitg) for more information, including access to a database of language schools where previous FLAG recipients have studied. Students should also contact language departments to identify appropriate programs. Students planning to enroll in the University of Chicago's Summer Paris Program or the Center in Beijing's Summer Chinese Program are eligible for FLAG funding and are encouraged to apply.

## Research Grants

Research grants are available to support research that is conducted outside the United States, typically leading to the completion of a bachelor's thesis. Proposals for other international academic projects and for research that is not related to a bachelor's thesis may also be considered.
